

Outdoor Learning

Forest School – Spring Forage

Wednesday 6th May 2020

13:30 —15:30

Venue: Hollingworth

Lake Visitor Centre

Trainer: NatureEd CIC

Audience: All Staff

Learn good practise for foraging for wild foods, cooking over an open fire and also for using hand tools safely.

This session aims to provide teachers with the resources and knowledge to identify up to 5 common edible plant species and the different ways they have been used for traditional recipes.

Curriculum links:

Science (seasonal changes, classification & properties)

Food Tech (outdoor cooking)

PSHE (risk taking)
