Inspection Skills – 1 Day Course

School Impact

The associates will coach, support and mentor you through the process of inspection.

By the end of the course you will:

- have an improved understanding of the process of inspection;
- a clearer understanding of pre-inspection trails and inspection planning;
- know how inspectors conduct an inspection and range of activities that take place, and how these strategies might be adapted within your school's monitoring and evaluation processes;
- know how to best prepare your own school for an inspection;
- reflect on your own school's strengths and areas for development and your evaluation of effectiveness.

What delegates have told us:

“Great course leaders who were approachable and answered all questions we had – it was nice to share ideas with a small, supportive group. Thank you for being so approachable and answering any questions, no matter how silly! I now feel more confident and will go back and share ideas”

“Top job, one of the best I’ve been on! Outstanding delivery and presentation”

“I always leave ECM training with lots of ideas that I can put in place and improve my own teaching!”
