

Make Outdoor Learning Fun – Natural Textiles & Dyes

Wednesday 13th June 2018

13:30 - 16:00

Hollingworth Lake Visitor Centre

Trainer: Nature ED

Audience: All staff

This session looks at practical hands on activities to inspire children to think about the past, with reference to the industrial revolution and the importance of the textile industry in Rochdale this session looks at practical hands on activities to inspire children to think about the past. Concentrating on the cotton and woolen industrial heritage, activities involve simple weaving, felting and print making.

All activities can be easily adapted for children of all ages within school grounds making learning fun.

Curriculum link: Science (seasonal changes, heritage values and plant properties)
History: (industrial revolution, past lives) Art & Design: (use of different materials, properties, creativity).
